Title: DRAM CONTROL CIRCUIT	:	

This is in response to the renewed petition under 37 C.F.R. §1.47(a)¹, filed February 10, 2005.

On November 3, 2003, the application was deposited, identifying Marty Pierre, Rey Gaelle, and Pascal Chauvet as joint inventors. The application was deposited without an oath or declaration. On February 12, 2004, the Office mailed a Notice to File Missing Parts of Nonprovisional Application (Notice), requiring an executed oath or declaration along with the surcharge associated with the late filing of an oath or declaration, and the basic filing fee. The notice set a two-month period for response. On June 28, 2004, a notice was mailed which withdrew this notice.

¹A grantable petition under 37 C.F.R. §1.47(a) requires:

- (1) the petition fee of \$130;
- (2) a surcharge of either \$65 or \$130 if the petition is not filed at the time of filing the application, as set forth in 37 CFR § 1.16(e);
- (3) a statement of the last known address of the non-signing inventors;
- (4) either
 - a) proof that a copy of the entire application (specification, claims, drawings, and the oath or declaration) was sent or given to the non-signing inventor for review and proof that the non-signing inventor refuses to join in the application or
 - b) proof that the non-signing inventor cannot be found or reached after diligent effort;
- (5) a declaration which complies with 37 CFR §1.63.

On June 23, 2004, Petitioner submitted a copy of the declaration², the original petition, a declaration of facts, the petition fee, the associated surcharge, the last known address of the non-signing inventor, and a copy of the assignment along with a translation, along with a two-month extension of time.

The original petition was dismissed via the mailing of a decision on August 11, 2004, for failure to establish that a search done for the non-signing inventor, and for failure to submit an acceptable declaration. Petitioner has since completed a search and has submitted an acceptable declaration with the instant petition. In order to make timely this response, Petitioner has submitted a four-month extension of time.

Petitioner has met each of the 5 requirements above.

The petition is **GRANTED** and this application is hereby accorded Rule §1.47(a) status.

As provided in Rule 1.47(a), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.
